**HELP FEATHER THEIRS!**

**MARCH 20 – APRIL 6, 2009**

**It is so easy to donate your unwanted items!**

### Dear Wildlife Friend,

Did you know there are over 685,000 Dallas-Fort Worth Metroplex school kids that could receive necessary education about coexisting with native Texas wildlife we all share our cities with? Your support during our “Clean Out Your Nest” fundraiser will help ensure our WildSpeak! youth education programs are able to provide this necessary education.

But, wait! We’re not asking you to donate money. We’re raising these funds by asking you, instead, to Clean Out Your Nest! Like nearly all of us, you probably have unwanted or unused items you’d like to get rid of. We’ve contracted with EasySale to make donating your unwanted items easy! They have a professional team that will coordinate pickup at your home, storage unit, or place of business, and they will auction items on eBay for the best price. You’ll receive a tax receipt for the full sale price.

It is so easy to donate!

1. View the attached flyers to see what sells and what doesn’t. Check to see if you have similar items you’re not using and would like to donate.
2. Call (817) 640-EASY (3279) or go to [www.easysaleinc.com](http://www.easysaleinc.com), click on the “Donate” icon, and then click on the DFW Wildlife Coalition icon.
3. EasySale will schedule a convenient time to pickup the items.
4. Your items will be sold on eBay, and you can follow the auction. Because eBay is a competitive auction, we will receive top market value for your items.
5. Now, help us provide even more education for Dallas-Fort Worth kids, and assistance for our urban wildlife. Ask five friends to clean out their nests. Go to [www.dfwwildlife.org](http://www.dfwwildlife.org) to print extra copies of this letter, or just refer ‘em to to our home page by e-mail.

Thank you for your support! Remember, donations are tax deductible to the extent allowed by law, so after the sale, you’ll receive a tax receipt for 100% of the sale price.

Our goal is to donate the highest possible price for your hidden treasures! We work hard to present your item in the best possible way in our listings. Here are some tips that can help you donate the most from the items that we pick up.

#### Documentation

Original packaging, manuals, instruction, receipts, appraisals, accessories -- anything at all that you still have that came with the item -- is almost always helpful in driving up its final price. Before you call, take a few minutes to find all the related materials you can.

#### Flaws and Defects

Most of the items sold on eBay are used, and Buyers expect them to have some flaws and defects that are disclosed in the listing. In fact, many Buyers are wary of purchasing "perfect" items which are not new. If you know of any flaw or defect in your item, please tell us about it when you check in.

#### Make It Shine!

A picture is worth a thousand words, and that is certainly true on eBay. While we are more than happy to wipe off a little dust or a few smudges, we are not equipped to clean, polish or in any other way restore your item to its best possible appearance. Take a minute or two before you bring in your item to clean it up and really make it shine! Remember... It is being sent for a very important photo!
